COMMUNITY RESOURCES

498 individuals checked out White Creek Community Center recreational resources; this provided much-needed study breaks and opportunities for community development.

HONORING EXCELLENCE

Honoring excellence is a formal ceremony in which Texas A&M University students are given the opportunity to nominate faculty and staff members for awards and recognize on-campus students who have demonstrated academic and leadership excellence, including those who achieve Distinguished Student status (Student Rule 11). Fall 2018 distinguished students were honored at the spring awards program.

APMs support Academic and Social Development by operating in dormitory units. APMs are upperclassmen certified by the College Reading and Learning Association and live in on-campus residence halls or apartments. They foster a sense of academic community through programs and services.
