Micromobility

Micromobility devices, hoverboards, electric scooters, electric skateboards, and other battery-operated vehicles are **not allowed to be used, stored, or charged in any Residence Life facility** due to the significant fire hazard posed by these devices. Exceptions to this include motorized vehicles that are approved ADA accommodations. <https://reslife.tamu.edu/rules/>

While electric bikes and scooters are permitted for use on campus, per policies at <https://transport.tamu.edu/alternative/bicycles/regulations.aspx>, they cannot be stored or charged in University buildings, including residence halls. Please contact Transportation Services with questions regarding electric bikes, scooters, or other micromobility devices.
